Sir,

Adverting to G. O. No. 3970-3 / M.F. 467/92 of the 4th September 1896, sanctioning a total grant of Rs. 3878 by Government in aid of the fund collected by European planters for constructing a European Ward to be attached to the Civil Hospital at Chikmagalur for the use of European planters of the Coffee Districts in Mysore, I have the honor to report for the information of Government that the construction of the Ward is completed and the building is ready for occupation. It will be formally opened in the course of this week under the name of the "Sanderson Memorial Ward".

S-4 No. 27.

2. The ward is constructed on the

approved plan on a portion of the ground belonging to the Kadur Club, adjoining the Civil Hospital compound, the area occupied by the building having been made over in writing by the Mortgagee of the Club premises. And it is settled that for the area given up, the Mortgagee of the Club property should execute a gratuitous release in favor of the members of the Club and that the latter in their return make a free gift of the same area to Government. This will be duly effected as early as possible on the return of the Mortgagee, Mr. G. R. Olivier, from England.

3. In connection with the management &c. of the ward, the following questions have arisen, which I submit for the orders of Government :—

(i) The constitution of a governing body of Trustees and Manager;

(ii) The entertainment of some permanent staff, if necessary.

(iii) Rules regarding the admission of patients and the use of the building; and

(iv) The supply of Hospital furniture and requisites.

4. As to the 1st question, Mr. J. A. Harris, the Honorary Secretary to the Sanderson Memorial Fund, proposes that the management of the ward be vested in a Committee consisting of the Deputy Commissioner, the Medical Officer in charge of the District and two planters to be elected annually by the Subscribers. I concur in this proposal with the observation that possibly one Planter might be considered to represent sufficiently the interests of the subscribers on the governing body. The general supervision of the institution including the administration of any funds that may hereafter be subscribed for the

improvement of the institution would rest in the governing body. The medical supervision of the institution would rest of course solely in the Civil Surgeon, or during his temporary absence in the Senior Medical Officer at Head-quarters. The governing body would have authority to make from time to time such simple rules as might be considered necessary for the internal management of the Ward.

5. With regard to the 2d. item, viz, a small permanent staff for the Ward, the Civil Surgeon, after a reference to the Senior Surgeon, proposes (vide copy of correspondence ending with his letter No. 274 dated 4th. instant enclosed) that a warder, a cook and a Jotty on 10 Rs each per mensem be provided, and that the furniture &c should be that allowed to a 1st. Class Travellers' Bungalow in addition to the crockery, &c, which latter, it is understood, will be supplied by the Public Works Department.

Pol Pr 30/p/12

6. In the matter of the use of the ward building, Mr. Harris proposes to restrict it to the Europeans residing in the Planting Districts in Singapore, in accordance with the view expressed by Government in their Proceedings No. 11442-45 / G.2389-92 dated 9th January 1893, para 1. (Y) (S.L.N°. 3)

7. Regarding the supply of Hospital furniture and requisites, I venture to submit that the cost of the petty establishment and furniture is a proper charge on the Medical Department Budget, since the ward is, in accordance with the G.O. of 9th January 1893, No. 11442-45 / G.2389-92, to become an appendage to the Government Hospital. (A) S.L.N° 3

8. I solicit early instructions of Government on the points submitted.

Dear Dr Fernandes,

You know that the construction of the Sanderson Memorial Ward is approaching completion. I expect to be able to hand over the building in about a month.

May I therefore ask you to make the necessary arrangements to take over the building and to appoint a care-taker from, say, the beginning of October next.

I may mention here for your information that the D.P. & Estimate for the work does not provide for furnishing the ward.

Yours sincerely.

In inviting attention to para 5 of this office letter No. 220 dated 7th September last, on the subject of the Sanderson Memorial ward, I had the honor to state that the undersigned is of opinion on further consideration and after reference to the Civil Surgeon, that there is no immediate necessity for sanctioning the full establishment & staff of 3 employes for the ward, that the Ward may be worked in the present instance at Each by a

warder

warder or care-taker on a salary of Rs 10/- a month, the question of the entertainment of the other servants (viz Cook and sweeper) being left in abeyance until some practical experience is gained of the requirements of the inmates of the ward.

2. As the entertainment of the warder is urgently necessary, the undersigned requests that early sanction may be accorded to the same, the charge being met in the Medical Department Budget.

3. The undersigned has further the honor to state that since he last addressed Government on the subject of the ward, a most generous gift of special hospital furniture (valued at £62 sterling) has been made to the ward by Mrs Sanderson, widow of the late Mr Sanderson, that the furniture

has arrived and will be placed in the ward, that [redacted] in view of this generous gift, the cost to Government in connection with furniture will now be reduced to the cost of supplying only such crockery and bath-room furniture as is usually provided by the D P W. for a first class Travellers' Bungalow.

Approving proposals for the delivery to Government of the site occupied by the Sanderson Memorial Ward, the constitution of a governing body for its general and medical supervision, and the restriction of the use of the building to Europeans residing in the planting districts of Mysore, &c.

M.G O.P.B.—24-4-98—250

READ—

(1) Letter No. 220, dated 7th September 1897, from the Deputy Commissioner, Kadur district—

Adverting to G. O. No. 3970-3—M. F. 467-92 of the 4th September 1896, sanctioning a total grant of Rs. 3,878 by Government in aid of the fund collected by European Planters for constructing a European ward to be attached to the Civil Hospital at Chikmagalur for the use of European Planters of the coffee districts in Mysore, I have the honor to report for the information of Government that the construction of the ward is completed and the building is ready for occupation. It will be formally opened in the course of this week under the name of the "Sanderson Memorial Ward."

2. The ward is constructed on the approved plan on a portion of the ground belonging to the Kadur Club, adjoining the Civil Hospital Compound, the area occupied by the building having been made over in writing by the mortgagee of the Club premises. And it is settled that for the area given up, the mortgagee of the Club property should execute a gratuitous release in favor of the members of the Club, and that the latter in their turn make a free gift of the same area to Government. This will be duly effected as early as possible on the return of the mortgagee Mr. G. R. Oliver from England.

3. In connection with the management, &c., of the ward, the following questions have arisen, which I submit for the orders of Government :—

(i) The constitution of a governing body of Trustees and Manager ;
(ii) The entertainment of some permanent staff;
(iii) Rules regarding the admission of patients and the use of the building; and
(iv) The supply of hospital furniture and requisites.

4. As to the 1st question, Mr. J. A. Harris, the Honorary Secretary to the Sanderson Memorial Fund, proposes that the management of the ward be vested in a Committee consisting of the Deputy Commissioner, the Medical Officer in charge of the district and two planters to be elected annually by the subscribers. I concur in this proposal with the observation that possibly one planter might be considered to represent sufficiently the interests of the subscribers, on the governing body. The general supervision of the institution, including the administration of any funds that may hereafter be subscribed for the improvement of the institution, would vest in the governing body. The medical supervision of the institution would vest, of course, solely in the Civil Surgeon, or during his temporary absence in the Senior Medical Officer at head-quarters. The governing body would have authority to make from time to time such simple rules as might be considered necessary for the internal management of the ward.

5. With regard to the 2nd item, *viz.*, a small permanent staff for the ward, the Civil Surgeon, after a reference to the Senior Surgeon, proposes (*vide* copy of correspondence ending with his letter No. 274, dated 4th instant, enclosed) that a warder, a cook, and a toti on Rs. 10 each per mensem be provided, and that the furniture, &c., should be that allowed to a 1st class travellers' bangalo in addition to the crockery, &c., which latter, it is understood, will be supplied by the Public Works Department.

6. In the matter of the use of the ward building, Mr. Harris proposes to restrict it to the Europeans residing in the Planting districts in Mysore, in accordance with the view expressed by Government in their Proceedings No. 11442-45—G. 2389-92, dated 9th January 1893, para 1.

7. Regarding the supply of hospital furniture and requisites, I venture to submit that the cost of the petty establishment and furniture is a proper charge on the Medical Department budget, since the ward is, in accordance with the Government Order of 9th January 1893, No. 11442-45—G. 2389-92, to become an appendage to the Government Hospital.

8. I solicit early instructions of Government on the points submitted.

(2) Letter No. 1559, dated 15th November 1897, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore—

With reference to your docket No. 3993—Mis. F. 467-92 of 25th September 1897, I have the honor to state that the cost of furniture, &c., in connection with Sanderson's Memorial Ward may be met from savings of Medical budget for current official year and that due provision will be made in next year's budget.

As regards other proposals I concur with the Deputy Commissioner.

(3) Letter No. 423, dated 12th December 1897, from the Deputy Commissioner, Kadur district.

In inviting attention to para 5 of this office letter No. 220, dated 7th September last, on the subject of the Sanderson Memorial Ward, has the honor to state that the undersigned is of opinion, on further consideration and after reference to the Civil Surgeon, that there is no immediate necessity for sanctioning the full permanent staff of three employés for the ward, that the ward may be worked in the first instance at least by a warder or care-taker on a salary of Rs. 10 a month, the question of the entertainment of the other servants, (*viz.*, cook and sweeper) being left in abeyance until some practical experience is gained of the requirements of the inmates of the ward.

General, dated 25th February 1898.

2. As the entertainment of the warder is urgently necessary, the undersigned requests that early sanction may be accorded to the same, the charge being met in the Medical Department budget.

3. The undersigned has further the honor to state, that since he last addressed Government on the subject of the ward, a most generous gift of special hospital furniture (valued at £62 sterling) has been made to the ward by Mrs. Sanderson, widow of the late Mr. Sanderson, that the furniture has arrived and will be placed in the ward, that in view of this generous gift, the cost to Government in connection with furniture will now be reduced to the cost of supplying only such crockery and bath-room furniture as is usually provided by the Public Works Department for a 1st class travellers' bangalo.

4. The undersigned requests the favor of early orders of Government on the proposals in this letter and in that of 7th September last.

(4) Letters No. 466, dated 10th January 1898, and No. 492, dated 20th January 1898, from the same officer stating that the marginally noted articles of furniture are reported by the Civil Surgeon to be necessary for the Sanderson Memorial Ward, in addition to the gift made by Mrs. Sanderson.

No. 10389-92—Mis. 467-92, DATED 25TH FEBRUARY 1898.

ORDER THEREON.—The proposals made by the Deputy Commissioner in paras 2, 4 & 6 of the letter first read above—namely, with regard to the delivery to Government of the site occupied by the Sanderson Memorial Ward, the constitution of a governing body for its general and medical supervision, and the restriction of the use of the building to Europeans residing in the planting districts of Mysore,—are approved.

2. The entertainment of a warder or care-taker on Rs. 10 per month is sanctioned as this is stated to be sufficient for the present. The cost will be debited to the Medical budget.

3. The Deputy Commissioner is requested to convey to Mrs. Sanderson the appreciation by Government of the generous gift of special hospital furniture made by her to the ward.

4. The other hospital furniture and requisites as shown above, will be supplied by the Medical Department, the cost being debited to savings in the current year's Medical budget.

Approving proposals for the delivery to Government of the site occupied by the Sanderson Memorial Ward, the constitution of a governing body for its general and medical supervision, and the restriction of the use of the building to Europeans residing in the planting districts of Mysore, &c.

M.G.C.P.B.—24-4-98—250

READ—

(1) Letter No. 220, dated 7th September 1897, from the Deputy Commissioner, Kadur district—

Adverting to G. O. No. 3970-3—M. F. 467-92 of the 4th September 1896, sanctioning a total grant of Rs. 3,878 by Government in aid of the fund collected by European Planters for constructing a European ward to be attached to the Civil Hospital at Chikmagalur for the use of European Planters of the coffee districts in Mysore, I have the honor to report for the information of Government that the construction of the ward is completed and the building is ready for occupation. It will be formally opened in the course of this week under the name of the "Sanderson Memorial Ward."

2. The ward is constructed on the approved plan on a portion of the ground belonging to the Kadur Club, adjoining the Civil Hospital Compound, the area occupied by the building having been made over in writing by the mortgagee of the Club premises. And it is settled that for the area given up, the mortgagee of the Club property should execute a gratuitous release in favor of the members of the Club, and that the latter in their turn make a free gift of the same area to Government. This will be duly effected as early as possible on the return of the mortgagee Mr. G. R. Oliver from England.

3. In connection with the management, &c., of the ward, the following questions have arisen, which I submit for the orders of Government:—

(i) The constitution of a governing body of Trustees and Manager;
(ii) The entertainment of some permanent staff;
(iii) Rules regarding the admission of patients and the use of the building; and
(iv) The supply of hospital furniture and requisites.

4. As to the 1st question, Mr. J. A. Harris, the Honorary Secretary to the Sanderson Memorial Fund, proposes that the management of the ward be vested in a Committee consisting of the Deputy Commissioner, the Medical Officer in charge of the district and two planters to be elected annually by the subscribers. I concur in this proposal with the observation that possibly one planter might be considered to represent sufficiently the interests of the subscribers, on the governing body. The general supervision of the institution, including the administration of any funds that may hereafter be subscribed for the improvement of the institution, would vest in the governing body. The medical supervision of the institution would vest, of course, solely in the Civil Surgeon, or during his temporary absence in the Senior Medical Officer at head-quarters. The governing body would have authority to make from time to time such simple rules as might be considered necessary for the internal management of the ward.

5. With regard to the 2nd item, *viz.*, a small permanent staff for the ward, the Civil Surgeon, after a reference to the Senior Surgeon, proposes (*vide* copy of correspondence ending with his letter No. 274, dated 4th instant, enclosed) that a warder, a cook, and a toti on Rs. 10 each per mensem be provided, and that the furniture, &c., should be that allowed to a 1st class travellers' bangalo in addition to the crockery, &c., which latter, it is understood, will be supplied by the Public Works Department.

6. In the matter of the use of the ward building, Mr. Harris proposes to restrict it to the Europeans residing in the Planting districts in Mysore, in accordance with the view expressed by Government in their Proceedings No. 11442-45—G. 2389-92, dated 9th January 1893, para 1.

7. Regarding the supply of hospital furniture and requisites, I venture to submit that the cost of the petty establishment and furniture is a proper charge on the Medical Department budget, since the ward is, in accordance with the Government Order of 9th January 1893, No. 11442-45—G. 2389-92, to become an appendage to the Government Hospital.

8. I solicit early instructions of Government on the points submitted.

(2) Letter No. 1559, dated 15th November 1897, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore—

With reference to your docket No. 3993—Mis. F. 467-92 of 25th September 1897, I have the honor to state that the cost of furniture, &c., in connection with Sanderson's Memorial Ward may be met from savings of Medical budget for current official year and that due provision will be made in next year's budget.

As regards other proposals I concur with the Deputy Commissioner.

(3) Letter No. 423, dated 12th December 1897, from the Deputy Commissioner, Kadur district.

In inviting attention to para 5 of this office letter No. 220, dated 7th September last, on the subject of the Sanderson Memorial Ward, has the honor to state that the undersigned is of opinion, on further consideration and after reference to the Civil Surgeon, that there is no immediate necessity for sanctioning the full permanent staff of three employés for the ward, that the ward may be worked in the first instance at least by a warder or care-taker on a salary of Rs. 10 a month, the question of the entertainment of the other servants, (*viz.*, cook and sweeper) being left in abeyance until some practical experience is gained of the requirements of the inmates of the ward.

4. The undersigned requests the favor of early orders of Government on the proposals in this letter and in that of 7th September last.
